Comments

“ I got to know Larry when I moved near his mom in 1990. He was very good to me and always a lively person, kept a smile going and wherever we went was never dull, even in the hayfield was fun. I know that he loved to talk and reminisce about big mama and growing up in the Sand Flat area I will never forget him helping me during my time of troubles and was hard on me, but I needed that push and I made it over the mountain. I used to talk on the phone at night to him till I fell asleep and he was always there to listen and try to help. I know he will be missed by his family and friends.

Happy trails cowboy! Till we meet again.

“ Larry, was my cousin. We all grew up as a very close family. We made many memories. Larry, his sisters Beverly and Shelia, and I spent many young years as play mates and run around friends as we grew up to our teens. Those great times of spending the night on screened in porch at Big Mama's, skinned knees, sunburns, and hot hot summer days will always be remembered by us all. And especially all those cold watermelons, swimming at Tyler State Park, and running barefoot like wild Indians.....this will always be in my heart of my memories of some of our best days of our life. Love you all family. Rest well Larry, we will miss you greatly.
