“ Al and Sue Platzer were AWESOME human beings, living their lives for teaching others...I got to help them and SISTER SUSAN when they wanted donkeys!!! Such a joy that memory was, eating figs off the trees, laughing watching the peace of their cats and chickens playing together haha... St. FRANCIS must've been so proud of us!!! these 3 beautiful human beings gave me my years of intrigue and instruction into the Catholic faith and into the way of St. FRANCIS- the way of peace...I then began St. FRANCIS Farm in Tyler with 29 species of animals that still today show guests daily THE WAY OF PEACE...I was Tyler's Jack Hannah of hospice! bringing animals to help patients learn how to use breathing techniques to "die peacefully". I often wonder what I would've accomplished in life if Al and Sue would've been my parents! But I see with them now together in heaven, we didn't do too bad with them parenting my faith journey from my 30's... and I am only 1 of so many mentoring with peace and love stories. They led life teaching, and living and giving of themselves to be fruitful instruments of peace, of love, of joy- rest in peace now together, and may perpetual life shine upon thee...

“ Mr Platzer was definitely a favorite of mine at LHS. He actually TAUGHT Civics- a class many in our present generation could use. It wasn't a matter of studying for a test- you had to KNOW the subject. No multiple choice questions- ESSAYS. Some thought it was "cruel", but you actually learned something in Mr Platzer's class. God Bless him and his family.

“ Mr. Platzer was a wonderful teacher. He & his wife wanted guitar lessons & I taught them a few chords. I will always recall him with fondness.

“ He drove my school bus, taught me Civics, and came by our farm circa 1979 to help pull out a breach calf. What could he not do?
