“ I am just hearing today about Bill's passing. Thank you Shirley for notifying me.
Bill was my manager at Bank of America for approximately 22 years. He was the best manager that anyone could ask for. Not just a manager but a good, decent and fair man. Had a great sense of humor and very smart. Everything I learned about return items and banking , I give him credit.
Peace be with you, my friend.

“ Great memories of spending summers with Uncle Bill at the Neches river/creek on camping/fishing trips. He always came up with some adventure for us kids and kept us on our toes with anticipation. His gregarious personality will be missed.
