“ *Brett was the one true love of my life. He was vibrant and sweet and funny from the moment he woke up in the morning and could melt metal with his smile. He tried to only ever be kind and pushed others to do the same. He was always good at making sure that I felt loved, protected, and supported, and I hope with all my love for him that he can see from where he is that there was an abundance of the same for him. I will love you forever Brett, can't wait to hold your hand on the other side.*

“ Tammy and family, It's so hard to lose someone so young and who means the world to you, so unexpectedly. I truly wish we could all be together to say our good-byes. Sadly, I missed out on knowing Brett as a man but remember him as a boy. So cute, kind, and having a huge smile. Our prayers are with you now and in the weeks to come.

With love,

“ Tammy, I was so sorry to hear about Brett. I didn't know him very well as he got older but, I know you, Chester and Velma loved him very much and were proud of him. Ya'll were like family to us and we love you. "He will wipe every tear from their eyes. There will be no more death or mourning or crying or pain, for the old order of things has passed away." Rev. 21:4

Tammy, you will see Brett again one day and I know there will be a big Brett hug waiting for you.

“ I was so honored and privileged to be chosen by god to be your mother. I loved you from the minute you came into this world and I will love you forever. I'm heartbroken and completely devastated. You were my best friend and running buddy for almost 31 years. We had a bond that no one could break. I'm completely lost without you. You were the absolute love of my life and I'm not sure how I'm supposed to live without you. I hope you finally found the peace you were searching for. I love you baby. RIP my precious Brett.

“ *I have so many amazing memories with Brett. He was more like my brother than my cousin. Nothing will beat the summer we fried eggs on the sidewalk. Your beautiful soul will be missed.*
