“ *I knew Connie from growing up in Smith County, KS. She was a few years ahead of me in school. We became friends later in life..She sent letters and cards to my parents through the years. I always looked forward to receiving a birthday card from her. She was a loving caring person with a beautiful smile.*

“ I became acquainted with Connie when I was a sophomore in high school, and she and my sister Joyce were roommates in Salina, Kansas. It has been an absolute joy to know Connie - from our shared rides up to Kansas to jaunts to east Texas with my sister Joyce and niece Michele to visit her at the tea room. One thing for sure - we could always count on lots of laughter with Connie! I will never forget the time we ran into each other at the hospital in Arlington. Some would say it was serendipity, but I believe it was truly a God thing.
