To our beloved Curtis Joe,

As we gather here today to say our final goodbyes, our hearts are filled with an indescribable pain and sorrow. Just four weeks ago, we were filled with joy and anticipation as we welcomed you into this world. We had so many dreams and hopes for our future together as a family, but unfortunately, those dreams were cut short and our hearts were shattered when we had to say goodbye to you so soon.

Although your time on this earth was brief, you have left an everlasting impact on our lives. You have taught us the true meaning of love, sacrifice, and strength. We may never understand why you were taken from us so soon, but we find comfort in knowing that you are now in a better place, free from any pain or suffering.

We will forever cherish the memories we have of you, from the moment we first held you in our arms to the last time we said goodnight. Your tiny fingers and toes, your little cries, and your precious smiles and big brown eyes will forever be etched in our hearts.

As we hold onto your funeral folder, we are reminded of the beautiful moments we shared with you and the love that will continue to live on in our hearts. These folders may be small and simple, but they hold the memories of our time together and serve as a reminder of the precious gift that you were to us. We want you to know that even though you are no longer physically with us, you will always hold a special place in our family. Your spirit will continue to live on, and we will always honor your memory by cherishing the time we had with you and living our lives to the fullest, just as you would have wanted. Our dear CJ, we will miss you every single day, but we find comfort in knowing that you are now watching over us from above. We promise to always keep you close to our hearts and to never forget the love and joy that you brought into our lives. This isn't goodbye, simply see you later. We love you more than words could ever express.

With love and sadness, Your Mommy & Daddy.
