“ *Norma, Scott, and family,  
I have fond memories of working with Dave at PBI. Dave had a deep understanding of PBI's processes and what was needed. The computer systems always worked, we never had to worry about down-time. Dave was a leader at PBI by getting and keeping the systems operational which required many long hours and sacrifices, for which we are very grateful.*

*We are saddened to hear of Dave's passing, he and you are in our thoughts and prayers.*
