“ God received another angel, Fly high Nannie! There are not enough words to express the regret I have that I never came back around and saw you and told you thank you for being there for me when I needed you the most and taking me in without a second thought and how you took care of me when I didn't have many people. I will never forget you making my poodle skirts for school and telling/teaching me to eat cottage cheese even though I swore it was gross at first lol and cornbread and milk in a cup. You always made do with what little you had but still did whatever I wanted and I always appreciated it even though I never really said it. You will always hold a special place in my heart love you Nannie fly high!!

“ Oh, my goodness. This picture is how she has looked forever! How I remember her from childhood till the last time I saw her at church. So beautiful, helpful, loving and caring for everyone. When Bill and I moved to Keller she provided suggestions on churches to visit and the one she attended when she lived in the area. We followed her recommendation, trusting her explicitly. Love to all of her family and children! Andi Phillips Middendorf
