“ *Carol,*
Your mom was admired by so many, she was a great example to those around her. I still picture her along with your dad, such an important part of Lindale. May your memories be special.##imported-begin##Syble Cline Glasscock##imported-end##

“ *Your parents were always in my life through growing up in Lindale. My grandparents, parents, and myself admired you mom and dad. It was through all the times that they helped and set many standards for young kids like me to see them interact with my family and community, that I learned many of our old town values. Your mom was good friends with my mom, and they were in the making of the times we had then. Iloved them both and u too. My God be with u and yours and help you thru this time.
