“ Cindi, I sincerely am so sorry for Pete's passing. I know he was a smart man because he married YOU! And, meeting him once just nailed it for me...he was a great man and loved you... You my dear friend have much to remember and I just pray the great memories you have and the prayers and support of your family and friends get you through the rough times. Praying for you and the kids honey. I hope to see you soon!
Dana Clark..

“ Cindi my heart and prayers are with you and your family. Mike loved Glen and had many fond memories of their experiences together. I loved to see their faces light up and their laughter when reminiscing about something they had done or had happened during their friendship. Heaven has another special angel 🙏❤️

“ I met Glenn in 1975 I was working for Dow and Glenn was working for STS but we worked together so many hours and days at Dow doing Non-destructive testing and Vibration Analysis and Balancing was crazy . We would share stories about our familys and our kids and we had a few drinks along the way to celebrate . He would bring peaches that his dad had raised in Lindale before his dad passed a way and was the best dang peaches in the world. Glenn was a good father and husband he always provided for them and he never gave up on them if they had a few bumps in the road. Only a few people will get this but in the Vibration World one of Glenn's favorite saying if a customer ask him what was wrong with a machine was " well it could be a lot of things" then he would explain what was wrong with it .Olin brought Glenn out of retirement to teach some new vibration analysts the tricks of the trade and I'm sure they will be good vibration guys .Glenn would come by and visit with me about every three months at my office and we'd catch up on the latest about our families . I will miss him and his big smile and his friendship Rest in Peace good buddy and thanks for all the good times .Dexter Widner Vibra-Tech Inc.
