“ I have not seen John in over 50 yrs. But due to the kindness of Becky was able to speak to him a couple of years ago by cell phone during a Breen reunion-it was wonderful it brought back a slew of pleasant childhood memories-of John and I setting on the porch swing at Grand-ma Breen’s home on the hill in Wabash county-how he tried to teach me that $2+2=4$ and i wasn’t sure what a 2 was let alone a 4-Ha ha-He also had the idea of selling flowers to folks going down the gravel road in front of Grand-ma’s needless to say we had more fun than flowers sold and then there was the dirt clod cookies made in Grand-ma Breen’s garden tho John could never get me to eat one but I think he tried. I remember our famly taking one vacation and that was to Texas I can’t remember were but it was to John’s house thats were he introduce me to Jackrabbits and water rockets. Then there was the “gypsies” on his Grandfather Grubb’s farm who used sycles to cut peoples heads off and of course his grandfather went along with the story and it scared the witts out of me. I also remember John having more broken arms than any kid could ever have. John gave me a lot of good childhood memories for which I have always been gratfull and I will cary them with me as long as i got a memory to carry them in-Thanks John-you may not be walking the earth anymore-but for us who know Jesus we will be seeing you again.##imported-begin##Dan and Mary Alice Barker##imported-end##
