“ *Mr. Pace...What can I say...he was my science teacher at Boulter Jr. High in 1963-'64. He was a very unique teacher very "out of the box", a very kind man and had one of the most jolly laughs of anyone I've ever been acquainted. I was reacquainted with Mr. Pace several years after junior high through his precious wife. She picked up where Mr. Pace left off and was our children's librarian for many years. Together they were truly a "teaching team". The world would truly be a better place if we had many more educators like Lee Roy and Margie Pace. Such precious memories they both left behind.*
