“ *Dear David & family*

*We are very saddened to learn of th passing of Maribelle. She was a wonderful person and will be missed very much. We wish we could be there for the funeral but it isn't possible. Just all of you know that you are and have been in our prayers since the time we learned of the illness. David, just remind your children that although their mother has gone to be with the Lord she will continue to live through them forever. Our family has never forgotten when you and maribelle were with us not knowing about our youngest son while he was in the ER with at the time the Dr's were thinking meningitis and not knowing he he would live. I just wish I could give back what you have given our family all the support you need. David, be strong I know it will be difficult. We will be praying and thinking of you*

*Sincerely*
