“ *I met Michael when he was a young boy. It was 4th of July of 2011. We had came over to shoot fireworks with Renee and the kids. We had a blast, and ever since, he had always referred to me as his "second mama". I would go visit with Renee when she had them for either summer or Christmas and we had lots of fun, laughter, baking cookies, playing video games, or just sit around talking about life and how much he and his sister had grown since the last time I saw them. It breaks my heart to see such a sweet spirit leave us all too soon. My deepest thoughts and prayers go out to the family and may God forever comfort you in your time of need. He will always be loved, remembered, and never forgotten. I love you Michael.*

“ I have never known anyone quite like Michael. I first met him when I was one of his teachers when he was three. He could make you angry and make you laugh all at the exact same time. I can't count the number of times Mary Helen or I would have to step out of the room just to maintain a straight face when we would attempt to correct his behavior. When he was in first or second grade, I was a substitute in his classroom, and he was so excited to be the one to show me around the classroom. He took that responsibility very seriously. As a teen, he could be angry one minute, charming the next, goofy one day, and extremely responsible and helpful the next. He was a born leader--I saw him take charge of a class of unruly kids with only his voice--and whenever I saw him, whether at my house, at church, or anywhere else, he never treated me with anything but respect, courtesy, and affection. I hope he knew that he always had a special place in my heart. I was so proud of the man he was becoming, and this world is a little dimmer with his absence in it. I pray that God will bring comfort and strength to his family and friends as they remember him. I send my love to all of you.
