“ I have so many great memories with mom. And yes I say mom she was like my other mom. I loved her and she loved me. We have 1 memory from eat first that we both said that we would never tell anyone are speak of it again unless we was talking to each other about it lol. 😭 we went fishing together a couple time we didn't catch anything but that was ok visiting with her and spending time with her was better than catching anything in the world. And our four wheeler rides were always fun we had the time of our lives. She got stuck a few times but she would say that didn't happen lol. She took me in years ago living on East 1st she treated like her daughter and made sure I was ok to she always made sure her kids were good and didn't need anything.i could go on I have so many good memories with her and will always cherish those times i had with her.i could write a book She is and was the best mom that anyone could ask for.
