“ My eyes are flooded with tears, my mind flooded with so many beautiful thoughts, remembering all the fun times with Reid and Paul growing up....trips to the farm riding ponies with my kids, Saturday morning skating at Starlite, picnics in the park, fun times and Grandma and Grandpa McRaes, riding around in the little red wagon, family reunions. When the kids and I moved to Lawrence, my youngest was just a baby and Reid would carry her everywhere, many times on his shoulders, and sit with her out on the swing. And he was so kind and gentle with my 5 yr old too. They played many many board games, had outdoor adventures in the yard, helping him onto the big rock in the front yard, and let him sleep in his top bunk!! The years passed much too quickly. Reid is now with family who also love him dearly and are waiting with open arms for all of us. I smile when I know Reid will be there with my Mom and Dad waiting to hug and hold me again someday. You are loved beyond words Reid. Your goodness lives on in Ella, and through your parents and brother.
