“ Our prayers go out to all friends and family. Paw paw you have had a major impact in my families lives. I feel so blessed to have been able to spend time with you. The trips to the dr's, shopping, the time you stayed with me and my family when your place burned, the arguements about you having your hearing aide in your pocket instead of your ear, the walking staff that you had rick make for you, the phone calls from you to tell me that i was gonna miss you when you were gone, i even miss doing your laundry for you, lol! your compassion and caring heart and funny personality. All these things have left a impression on my heart and soul. You will forever hold a special one of a kind place in my heart. You were so right i miss you like crazy. You will live on in our hearts forever. We love you.
