“ Great photo of a great man. All those Shamburger's were great. Jon, believe me I know what you are going through and Jeff and Ross you too! It's been 14.5 years since Carl left us. Give yourself time to absorb all of this and you will realize that you have adjusted to the loss just never to losing him! I find if I stay busy I don't think about how much I miss him, but I pass his photo on the hall wall every morning and always tell him how much I love him and how much I miss him. He would be so proud of our 4 grandsons as I know Bob is of his grandchildren. Take care and remember there are a lot of people that love you and are here for you. Love, Judy

“ Sham was my boss when we were in the Colorado City District Office for Sun Oil Company. He took me under his wing and show me how the material department should work for the benefit of the company. He took me out of the office to learn about oilfield equipment and made my job easier when one knew about all the different types of equipment used in the field. If I did not understand he was always patient and going the extra mile to help his employees. Those 4 years working with him was the ground floor for me to move up to other jobs for Sun. What a wonderful individual that helps others and shared his knowledge. Prayers to Jon and all his family. John L. Gibson.
