“ Rose and I have been close friends since the seventh grade and as time went on, we stayed in touch. I remember when I went to Arizona, where she was living, was a time to remember. Had so much fun. We went together to some of our class reunions and caught up on what was going on in our lives. I was always to see her. Since I have been living here in Oregon, we kept in touch by phone. One time when I called because of bad weather, she commented to me, "you are always checking up on me". I said, "you bet cause you are my best friend and care". May you Rest In Peace my best friend. Love you, Marieanne
